PARKS & RECREATION

Park Beautification Days

Parks and Recreation will feature one of our 93 parks and green spaces each month for a Park Beautification Day. This is on top of the many monthly cleanups and service projects already happening.

We will provide materials and equipment for the day such as rakes, loppers, hedgers, gloves, easy-reachers, paint supplies, etc. All you need to do to help is show up with your personal protective gear (water bottle, proper attire, sun screen, and bug repellent) and get to work.

This February we have two projects scheduled from 9-11am on Saturday;

Feb. 2nd – Dunmire Woods Park, 1135 Northbrook Ave.

Feb. 16th – Baars Park, 4340 North 12th Ave.

Volunteering is a great way to make a difference in our community, meet like-minded individuals, and have fun in the process. We have partnered with several organizations and have many opportunities for engagement most Saturdays.

If an individual or group would like to schedule your favorite park for a Park Beautification Day contact our Volunteer Coordinator
